

Artic Consulting can instantly mobilize a team to help your business adapt to Work From Home challenges and improve your productivity.

Utilizing cloud-based productivity solutions, such as Office 365, Artic brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive, Microsoft Teams, and SharePoint, Artic helps anyone create and share anything, anywhere, on any device.

Let Artic Consulting virtualize your workforce – enabling not just effective and secure work from home, but productive work from anywhere. As a Microsoft Gold Partner, Artic can implement, deploy, and refine your business productivity tools.

Efficient Business Processes

Accelerate productivity by transforming processes—from simple tasks like notifications and approvals to complex operational workflows. With SharePoint lists and libraries, Microsoft Power Automate, and PowerApps, you can create rich digital experiences with forms, workflows, and custom apps for every device.

Communication and Collaboration

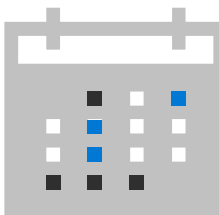

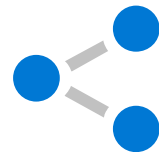

Increase productivity, have more efficient, effective and secure virtual meetings with Microsoft Teams. This all-in-one solution includes chat, video, and audio conferencing as well as the ability to locate information quickly and easily without having to switch applications. Employees are more highly-available and reachable, on any device.

Engage and Inform Your Organization

SharePoint empowers teamwork with dynamic and productive team sites for every project team, department, and division. Share files, data, news, and resources. Customize your site to streamline your team's work. Collaborate effortlessly and securely with team members inside and outside your organization, across PCs, Macs, and mobile devices.

Harness collective knowledge

With powerful business analytics and reporting visualizations, you have reliable insights to inform decisions and quickly guide action. Use Power BI Dashboards to view business data quickly and make faster and better decisions for your organization.

Continuous updates

Office 365 is the last upgrade you'll need. You'll get automatic incremental updates so you are always up-to-date. You also get cloud-based services such as business-class email, web conferencing, online file storage that will help your employees get more done and work together more effectively.

Share and manage content, knowledge, and applications to empower teamwork, quickly find information, and seamlessly collaborate across your organization, from anywhere, on any device.
